Mr. Tony Decarlo
Tru Wall Concrete, Inc.
10737 Medallion Dr.
Cincinnati, Ohio 45241

Dear Tony:

Congratulations on the successful completion of your scope of work at the Schuster Performing Arts Center in downtown Dayton and our sincere thanks for providing us the opportunity to be a part of your team.

As a ready-mix producer, we can appreciate the challenges you faced in constructing a 130-foot high shear wall through the dead of winter. No one in this industry surpasses your attention to detail and quality, always with an eye on safety and you certainly should be proud of that.

The level of professionalism and the cooperative spirit exhibited by those you have surrounded yourself with is something to be even more proud of.

Moraine Materials looks forward to the next opportunity to team up with Tru Wall Concrete and we appreciate working with such a "Class Act" in our industry.

Sincerely,

Moraine Materials
Dan Zimmerman
